

**B**y strategically placing the proprietary titanium filament along its Titanium Series shafts, **Harrison** has created a design that reduces shaft 'lag', which robs golfers of distance. This design decreases hooks and slices, while adding distance for golfers of all levels. The winners of each of the past six North American Long Drive Championships used the Pro 2.5 Titanium (*above*), which is enhanced by X-6200 graphite and is highly resistant to twisting, even with off-centre strikes. Contact Southlands Golf on 0438 190 506.

**F**irst developed for the health and wellness market, the **QLink** has now taken off in the golf industry. More than 97 per cent of the thousands of golfers participating in an independent Meridian Stress Assessment test showed improvement in lowering their overall stress levels after wearing the QLink for less than a minute. The QLink's interior includes a resonating cell, a tuning board and an amplifying coil, which align and balance the body's energy, enhancing concentration levels and focus. The technology in the QLink also strengthens resistance to the negative effects of electromagnetic fields (Classic \$198; Silver \$498). Contact 1800 175 465 or visit [www.sportsinthezone.com.au](http://www.sportsinthezone.com.au).

**T**he **Everest Mountain** practice net lets you improve your game indoors or outdoors. The 130 catchment pockets show exactly where your ball struck the netting, indicating your ball-flight tendencies, while the protective side netting deflects errant shots. The sturdy, tubular frame is assembled in minutes and weighs only 12 kilograms (\$295). Contact Everest Mountain on 1800 804 030.

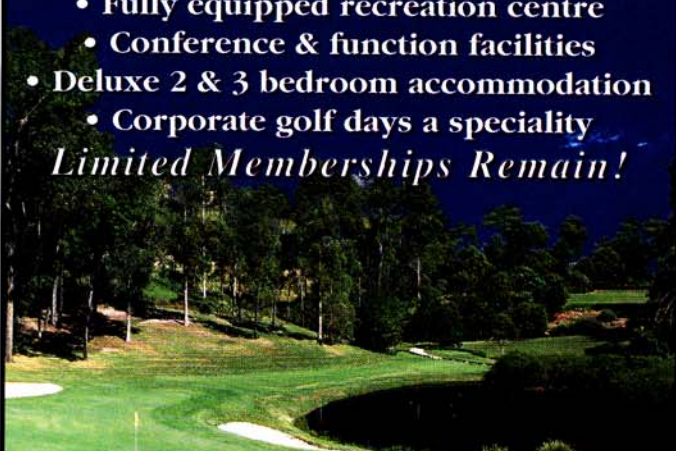

ARUNDEL HILLS COUNTRY CLUB

*Private Members Only Club*

- Only 40 minutes from Brisbane
- 18 hole championship golf course
- Interstate memberships available
- Fully equipped recreation centre
- Conference & function facilities
- Deluxe 2 & 3 bedroom accommodation
- Corporate golf days a speciality

*Limited Memberships Remain!*
